IMPORTANT TO ALL.
DR. SWAYNE,
The discoverer and compounder of the far-famed
Compound Syrup of Wild Cherry
and other valuable preparations, entered upon his professional career with the important advantage of a regular medical education in one of the oldest and best schools in Philadelphia and, perhaps, in the world. He subsequently served a faithful term of practice in the Philadelphia Dispensary, and for many years attended in the Hospital. In these institutions he enjoyed the most ample opportunities of obtaining an insight into diseases in all their various forms, as well as for ascertaining the best methods of their treatment. In offering, therefore, to the people of the United States the fruits of his extensive professional experience in the medical compounds as the best results of his skill and observation, he feels that he is but proffering a boon to every family throughout the land, resting, as he does, confidently in the merits and efficacious virtue of the remedies he here with commends. The vast amount of testimony from all parts of the world has proven "DOCTOR SWAYNE'S COMPOUND SYRUP OF WILD CHERRY" the most effective remedy ever known, and it is admitted by our most eminent physicians, and all who have witnessed its wonderful healing properties. The WILD CHERRY in all ages of the world and in all countries where it is known has been justly celebrates for its wonderful medicinal qualities, but its great power to cure some of the worst and most distressing diseases among us was never fully ascertained until the experiments of that skilful physician, Dr. Swayne, had demonstrated its high adaptation, in combination with Pine Tree Tar, and other equally valuable vegetable ingredients, which chemically combined renders its action tenfold more certain and beneficial in curing all diseases of the throat, breast and lungs. DR. SWAYNE'S WILD CHERRY COMPOUND strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action, invigorating the nervous and shattered constitution. If your druggist or storekeeper does not have it, do not be put off by any other remedy that may be offered, but send to us direct, and we will forward it by mail down to any address, freight paid, on receipt of the price, $1 per bottle, or $9 the half dozen. Address letters to DR. SWAYNE & SON, 330 North Sixth street, Philadelphia. No charge will be made for advice.

Ask Your Druggist for Them.

Females and all who value health should never be without DR. SWAYNE'S ALL-HEALING PILLS, as they purify the blood, remove all obstructions, cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale cheek. Female irregularities are reduced to a healthy condition. They are a certain cure for Sick and Nervous Headache. As a Dinner Pill, nothing can exceed them; they take only one, or three, as suits different constitutions; unlike others, they neither gripe, produce nausea, or any other unpleasant sensation, while they are as powerful as it is possible for a medicine to be and be harmless. They thoroughly cleanse out the disordered humors, enrich and purify the blood, remove all unhealthy humors secretions of the stomach and bowels, causing a perfect digestion, and as a natural result, and are unquestionably the best cathartic and antibilious medicine yet discovered; and we are determined that the sick shall have them at a price within the means of the poorest. (25 cents a box or 30 Pills.) If your druggist or storekeeper has not got them, do not be put off by any others that may be offered on their price, but send to us direct, and we will forward by mail, on receipt of the price, 25 cents a box or five boxes $1.

SWAYNE'S OINTMENT
Seems to cure every case, leaving the skin smooth and clear without a blemish behind.

Itching Piles
is generally preceded by a moisture, like perspiration, distressing itching, as though pin worms were crawling in or about the rectum, particularly at night when undressing, or in bed after getting warm. It appears in summer as well as winter, oftentimes shows itself around the private parts, and is not confined to males only, but is quite as frequent that females are sorely afflicted, particularly in times of pregnancy, extending into the vagina, proving distressing almost beyond the powers of endurance. Cases of long standing, pronounced incurable, have been permanently cured by simply applying

Meeting of the Democratic State Committee.

AN ADDRESS TO THE PEOPLE.

HARRISBURG, PA., Dec. 21.—The Democratic State Committee met to-day in the room of the Bureau of Statistics to consult regarding the Presidential election. In addition to the members of the State Committee, a number of representative Democrats of the State were in attendance. Chairman McClelland presided. He made a short address setting forth the objects of the meeting.

A resolution was adopted that the invited guests be permitted to participate in the proceedings.

George W. Biddle, of Philadelphia, offered a resolution authorizing the Chairman of the State Committee to appoint a committee of five to draw up a proper expression of the sentiments of the meeting.

On motion of Lieutenant Governor Latta, the committee was increased to thirteen, the Chairman of the State Central Committee to act as its Chairman.

The following gentlemen were selected as the committee: George W. Biddle, William Bigler, James P. Barr, Richard Vaux, B. F. Myers, W. H. H. Davis, John Latta, J. Cummings, P. M. Pierce, A. J. Steinman, S. A. Bridges, John R. Reed, and William McClelland.

General Davis, of Doylestown, stated that while the committee were deliberating a report prepared by Governor Bigler covering the action of the Louisiana Returning Board would be read to the meeting. The report, which occupied a quarter of an hour in reading, gave a full history of the action of the Board and the experience of the Commission of which General Bigler was a member.

The meeting then took a recess until half past one o'clock.

The following address was unanimously adopted at the afternoon session:

To the people of Pennsylvania: We address you in that spirit of patriotism which is common to all citizens of this Commonwealth. The political condition of our country is fraught with impending peril. The expression by the people of their intention to support those Constitutional means which will meet the issue made on the question of the Presidency may prevent what otherwise we will deplore. Whatever violates either the letter or spirit of the Constitution tends to weaken and may destroy our Government.

There is not a question or a measure relating to the peace and happiness of the whole people, exciting controversy and portending discord, for which the Constitution fails to provide.

The election of President and Vice President of the United States is a high and solemn duty of the people of the several States. An attempt to evade obedience to the popular will, by any effort to distort the meaning of the Constitution, by misinterpretation of law to seek to set up barriers against the force of their declared will, is substituting revolutionary expedients for Constitutional methods.

The Senate and House of Representatives of the United States have, by the Constitution, the sole and exclusive power to settle all questions which relate to the validity of the Electoral votes of the several States In one event, the Constitution gives the House of Representatives the power to elect the President.

We, therefore, earnestly invoke from you every effort cognizable by law in the execution and support of the Constitutional methods by which it is to be determined who are the lawfully elected President and Vice President of the United States.

We invite those who feel the present danger to aid in all lawful means which may induce the Senators and Representatives of the States and people in Congress assembled, to obey the plain intent and meaning of the Constitution and laws, and not, in defiance thereof, to place in the high offices of the Government men whose title is tainted with fraud. As free citizens of this commonwealth, we suggest that you consider those measures which such a contingency may invite or command. We believe a large number of our citizens who are too patriotic to be bound by the designs of the managers of the present administration of the general government, are prepared openly to condemn the disposition they manifest to plunge the country into a sea of danger, rather than return to the people the trust committed to them for a specified period of a Presidential term. If the people will, with courage and calmness and full faith in their sovereignty as the source of all political power, make these declarations, then their servants may listen and obey.

Believing that these opinions are entertained by all honest and patriotic citizens, we declare that Samuel J. Tilden and Thomas A. Hendricks were, on the 7th day of November last, elected President and Vice President of the United States. Self gratulation has no part in this, our solemn statement of the fact upon which we intend to rest our future conduct. We call upon the members of both Houses of Congress to adopt such lawful means as may lead to the official declaration of the fact that Mr. Tilden and Mr. Hendricks have been elected, and we urge them to resist, with all their power, the proposal to settle the ascertainment of a fact already accomplished, by a reference of it to any other tribunal than that already appointed to decide it by the Constitution of the United States.

Very little business of importance has been transacted by either House during the past week, nor will there be much done until after the holidays.

The Senate Committee on counting the Electoral vote is as follows:

Messrs. Edmunds of Vermont, Morton of Indiana, Frelinghuysen of New Jersey, Logan of Illinois, Thurman of Ohio, Bayard Delaware, and Ransom of North Carolina.

The House Committee consists of Messrs. Payne of Ohio, Hunton of Virginia, Hewitt of New York, Springer of Illinois, McCrary of Iowa, Hoar of Massachusetts, and Willard of Michigan.

A resolution was passed in the House declaring Barnes, the New Orleans Manager of the Western Union Telegraph Co. in contempt for not producing despatches before the Committee in that city, and ordering his arrest.

The situation in Florida has assumed a new phase. The Supreme Court of the State has granted a peremptory order to the Returning Board to recanvass the returns from their face. This will give the State to Tilden and elect the Democratic State ticket and Congressmen. Governor Stearns gives up and has advised the Board to obey the order of the Court. It is probable that some of the radical Republicans will insist upon counting the first returns, but the whole sentiment of the people will be against such a patent fraud.

Since the above was written the Board has refused to obey the order of the Court. What action will be taken by the Court is not known.

Another battery has arrived in Washington and two more companies are expected this week. Nothing is meant by this influx of troops, of course—that is, according to the authorities. They are there just for fun.

Schenck's Mandrake Pills.
Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary remedy in its medical effects. It has been invented to meet the stubborn complaints, which develop all the results produced by a heretofore too free use of calomel, a mineral justly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel without its ingrious tendencies to pave an admitted fact, rendered indisputable by scientific researches; and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common herbs and roots of the fields.
These Pills open the bowels and correct all bilious derangements without salivation or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue.
Ample directions for use accompany each box of pills. Prepared only by J. H. Schenck & Son, at their principal office, corner Sixth and Arch streets, Philadelphia, and for sale by all druggists and dealers.
Price 25 cents per box. Dec.

What I Know About Vegetine.
SOUTH BOSTON, May 9, 1870.
H. R. Stevens, Esq:
Dear Sir—I have had considerable experience with Vegetine. For dyspepsia, general debility and impure blood, Vegetine is superior to any thing which I have ever used. I commenced taking it about the middle of last winter, and after using a few bottles I entirely cured me of dyspepsia, and my blood was never in so good condition as at the present time. It will afford me pleasure to give any further particulars relative to what I know about the good medicine to any one who will call on or address me at my residence, 283 Athens street.
Very Respectfully,
MONROE PARKER,
286 Athens street.

Dyspepsia.
SYMPTOMS.—Want of appetite, rising of food and wind from the stomach, acidity of the stomach, heartburn, dryness and whiteness of the tongue in the morning, sense of distention in the stomach and bowels, sometimes rumbling and pain; costiveness, which is occasionally interrupted by diarrhœa; paleness of the urine. The mouth is clammy, or has a sour or bitter taste. Other frequent symptoms are weak breathing, palpitation of the heart, headache, disorders of the senses, as seeing double, etc. There is general debility, languor and aversion to motion; dejection of the spirits, disturbed sleep and frightful dreams.

Gained Fifteen Pounds of Flesh.
SOUTH BERWICK, ME., Jan. 17, 1873.
H. R. Stevens, Esq:
Dear Sir—I have had dyspepsia in its worst form for the last ten years, and have taken hundreds of dollars worth of medicine without obtaining any relief. In September last I commenced taking Vegetine, since which time my health has steadily improved. My food digests well, and I have gained fifteen pounds of flesh. There are several others in this place taking the Vegetine, and all have obtained relief.
Yours truly,
THOMAS E. MOORE,
Overseer of card room, Portsmouth Co's. Mills.

All Diseases of the Blood.
If Vegetine will relieve pain, cleanse, purify and carry away disease, restoring the patient to perfect health after trying different physicians many remedies, suffering for years, is it not conclusive proof if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the great Blood Purifier. The great source of disease originates in the blood and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

GOOD EVIDENCE.
CINCINNATI, Nov. 26, 1872.
Mr. H. R. Stevens:
Dear Sir—The two bottles of Vegetine furnished me by your agent my wife has used with great benefit.
For a long time she has been troubled with dizziness and costiveness; these troubles are now entirely removed by the use of Vegetine.
She has also been troubled with dyspepsia and general debility; and has been greatly benefitted.
THOS. GILMORE, 220½ Walnut St.

Reliable Evidence.
Mr. H. R. Stevens:
Dear Sir—I will most cheerfully add my testimony to the great number you have already received in favor of your great and good medicine, Vegetine, for I do not think enough can be said in its praise, for I was troubled over thirty years with that dreadful disease, catarrh, and had such bad coughing spells that it would seem as though I could never breathe any more, and Vegetine has saved me; and I do feel to thank God all the time that there is so good a medicine as Vegetine, and I also think it one of the best medicines for coughs, and weak, sinking feelings at the stomach, and advise everybody to take Vegetine, for I can assure them it is one of the best medicines that ever was.
MRS. L. GORE,

APPRECIATION.
CHARLESTOWN, MASS., March 19, 1869.
H. R. STEVENS:
This is to certify that I have used your "Blood Preparation" (Vegetine) in my family for several years, and think that, for scrofula or cankerous humors, or rheumatic complaints, it is excellent, and as a blood purifier and spring medicine it is the best thing I have ever used; and I have used almost everything. I can cheerfully recommend it to any one in need of such a medicine.
Yours respectfully,
MRS. A. A. DINSMORE
18 Russel street.

Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, whose lives have been restored from alarming and even desperate sickness of the lungs, by its use. All who have tried it, know its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. Curing the most dangerous, always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the first symptoms of disease of the lungs.
As a safeguard to children against the distressing consequences of neglected colds, it should be kept in every household. Clergymen often recommend it to their congregations, on account of its effects.

TO SUBSCRIBERS.

We are obliged to make another appeal to our patrons. We have large expenses to meet, and although we have large amounts standing on our books it is almost impossible to get enough money to pay running expenses, owing to the tardiness of subscribers and other debtors in meeting their obligations. In order to clean our books up we have appointed collectors in several townships in the county, and shall appoint others as fast as possible. William Bryson, Esq., is authorized to receive amounts due on subscription in Centralia and Ashland; John McAnall, Esq., in Berwick; William Appleman in Benton.

This will make it convenient for those who do not often get to town, and we hope that all will cheerfully and promptly pay when requested to do so by our collectors. tf

IMPORTANT NOTICE.—Having, after repeated notices, waited three years for a settlement of my individual accounts as former editor of the COLUMBIAN, I desire now to give *final* notice that all accounts unsettled by January 15th 1877 will be pushed "without fear, favor, or affection." The Carrier Boy of the COLUMBIAN will call on his customers next Monday, New Year day, and hopes to be welcomed and remembered. It is not easy work to deliver papers when the storm rages, or the icy winds blow, or when the scorching rays of the sun beat on the aching head, but the carrier has faithfully performed his duty and merits a reward.

John Seybert is at present in jail here, charged with stealing horses, mules, hogs and other property, and also with killing the above mentioned animals. It is reported that no less than fifteen tails of horses were found under Seybert's barn. He is also accused of selling the flesh of these butchered horses and mules under the names of venison and dried beef. Pleasant for lovers of beef and deer.

A terrible accident occurred at Gorrell's Continental Colliery near Centralia, on Thursday of last week, by which four miners named John Verner, Daniel Malloy, Thomas Daly and Thomas Monaghan lost their lives. They entered the mines at seven o'clock on that morning, taking with them three kegs of powder and at ten o'clock the following morning, their charred and disfigured bodies were recovered by their friends. The powder must have exploded from some cause, but how or when will never be known. The funerals took place on Sunday and were attended by a large number of sorrowing friends and relatives.

A man who gave his name as Marvin Mathews was brought before J. J. Brower Esq., on Saturday morning, charged with the robbery of various farmers in the valley. Mathews was one of a gang of three; they were pursued by the farmers who captured Mathews, and Utt, another one of the party, was subsequently arrested and lodged in the jail at Danville. The thieves had deposited their plunder in the fence corners along the road, where the farmers found poultry, produce, harness &c., enough to fill a two horse sleigh. Mathews was sent to jail in default of $500 bail. We rejoice at the capture of these fellows and believe their conviction will put a stop to this kind of stealing during the winter.

Tempests *will* occur even in teapots, and therefore we have almost invariably refrained from noticing the ebullitions of several small fry journals published in this county. As some of their readers, however, may be as ignorant as the editors, a few words of explanation as to our connection with the proposed bill relative to the official advertising may not be amiss. The application is for a special law. As such, the law requires notice to be published in two papers. The COLUMBIAN was selected as one of the papers to publish the notice, and we did so, as we would any other decent advertisement. As to the merits of the proposed measure we have no concern, as we already enjoy a fair measure of public patronage. The use of the name of our paper was not at our request, nor known to us until the advertisement was handed in.

"Eureka" is the sentiment of countless sufferers who find the balm of relief, and the fountain of their health and strength, in Ayer's Sarsaparilla. It is the most potent of all the alteratives to purify the system and cleanse the blood. It possesses invigorating qualities, so that it stimulates the faded vitalities and purges out the corruptions which mingle with the blood, promoting derangement and decay. We are assured by many intelligent physicians that this medicine cures beyond all others of its kind and we can fortify this statement by our own experience.—*Athol (Mass.) White Flag.*

Naught can compare with Glenn's Sulphur Soap as a remedy for eruptions, pimples, old sores, and roughness of the skin. "Having received great benefit from the use of your valuable remedy, Dr. Wistar's Balsam of Wild Cherry, I feel it my duty to say something in its favor. For some time my two little boys were more or less afflicted with severe coughs, which at times were so violent that we were kept up with them all night. We tried many remedies with no effect. On hearing of Wistar's Balsam, we gave it a trial and can truly say it gave relief. It being pleasant to take, the children would call for it every time they coughed, and before one week the cough had entirely left them. Since then I have used it myself for coughs and colds, and have found it as effective with me as with the children, and can safely recommend it to the public."

COMBINED PAPERS—FORTY-SEVENTH YEAR!

The Country Gentleman

The Country Gentleman is published weekly on the following terms, when paid strictly in advance: 1 One copy, one year, $2.50; Four copies, $10, and an additional copy for the year free to the sender of the Club; Ten copies, $20, and an additional copy for the year free to the sender of the Club.

The Country Gentleman possesses an unequalled corps of Correspondents, regular and occasional, among the best Farmers of all parts of the country, and constantly reflects the practical condition and progress of the husbandry of every section of the United States and civilized world.

The Country Gentleman gives in its Horticultural Department a continuous variety of information and suggestions, equal or superior in the aggregate to what is obtained in the monthly numbers of most magazines devoted to Horticulture.

The Country Gentleman has probably done as much as all other Journals combined, to introduce and disseminate Improved Stock of every kind through the country; and commands to a greater degree than any cotemporary, the confidence and support of Breeders and Purchasers.

The Country Gentleman contains unusually full and trustworthy Market Reports, and devotes special attention to them and to the Prospects of the Crops, as throwing light upon one of the most important of all questions—When to Buy and When to Sell.

The Country Gentleman embraces numerous minor departments of a practical character, such as the Dairy, the Poultry Yard, the Apiary, the Vineyard and so on, and weekly presents a column or Two for the Housewife and interesting Fireside Reading. It contains a well edited Review of Current Events, and its advertising pages furnish a directory of all the principal agricultural and horticultural establishments of the country.

ECLECTIC MAGAZINE

OF

FOREIGN LITERATURE.

THIRTY-THIRD YEAR.

The Eclectic reprints from all the foreign Quarterlies, Reviews, Magazines and Journals their choicest contents, including essays, scientific papers, biographical sketches, reminiscences of travel and adventure, tales, stories and poems. The field of selection is very large, and it is believed that the Eclectic presents a greater variety and higher standard of literature than any periodical can hope to do that depends exclusively upon home talent.

A knowledge of the current literature of other countries is indispensable to all who would keep pace with the progress of the human mind; and the Eclectic offers the best, and, indeed, the only, opportunity for obtaining this knowledge within a reasonable compass and at moderate price.

Among the writers represented in recent numbers of the Eclectic are: The Rt. Hon. W. E. Gladstone, James Anthony Froude, Matthew Arnold, Charles Kingsley, Robert Buchanan, George McDonald, John Ruskin, Alfred Tennyson, Thomas Hughes, William Black, Mrs. Oliphant, Thomas Hardy, William Morris, Miss Thackeray, Mrs. Alexander, Profs. Huxley and Tyndall, Richard Procter, A. R., Prof. Owen, Dr. W. B. Carpenter, Max Müller, J. Norman Lockyer, Herbert Spencer, and others equally eminent. Besides the regular articles in the body of the magazine, there are four original editorial departments: Literary Notices, Foreign Literary Notes, Science and Art, and Varieties.

With regard to the character of the selections, the aim of the Eclectic is to be instructive without being dull, and entertaining without being trivial. While each number contains something to interest every member of the family circle, it addresses itself particularly to that great body of intelligent readers who seek profit as well as amusement—solid and healthful literature.

Besides the 128 pages of reading matter, each number of the magazine contains a fine Steel Engraving—usually a portrait—executed in the most artistic manner.

Terms.—Single copies, 45 cents; one copy one year $5; 2 copies, $9 50 copies, $20. Trial subscriptions for three months, $1.

The Eclectic and any $4 magazine to one address, $8.

Postage free to all subscribers. Address,

THE SUN.

1877. NEW YORK. 1877.

The different editions of The Sun during the next year will be the same as during the year that has just passed. The daily edition will on week days be a sheet of four pages, and on Sundays a sheet of eight pages, or 56 broad columns; while the weekly edition will be a sheet of eight pages of the same dimensions and character that are already familiar to our readers.

The Sun will continue to be the strenuous advocate of reform and retrenchment, and of the substitution of statesmanship, wisdom and integrity for hollow pretence, imbecility and fraud in the administration of public affairs. It will contend for the government of the people by the people and for the people, as opposed to government by frauds in the ballot-box and in the counting of votes, enforced by military violence. It will endeavor to supply its readers—a body now not far from a million of souls—with the most careful, complete and trustworthy accounts of current events, and will employ for this purpose a numerous and carefully selected staff of reporters and correspondents. Its reports from Washington, especially, will be full, accurate and fearless; and it will continue to deserve and enjoy the hatred of those who thrive by plundering the Treasury or by procuring what the law does not give them, while it will endeavor to merit the confidence of the public by defending the rights of the people against the encroachments of unjustified power.

The price of the daily Sun will be 5½ cts. a month, or $6.50 a year, post paid, or with the Sunday edition $7.70 a year.

The Sunday edition alone, eight pages, $1.20 a year, post paid.

The Weekly Sun, eight pages of 56 broad columns, will be furnished during 1877 at the rate of $1 a year post paid.

The benefit of this large reduction from the previous rate for the Weekly can be enjoyed by individual subscribers without the necessity of making up clubs. At the same time, if any of our friends choose to add to extending our circulation, we shall be grateful to them, and every such person who sends us ten or more subscribers from one place will be entitled to one copy of the paper for himself without charge. At one dollar a year, postage paid, the expenses of paper and printing are barely paid; and, considering the size of the sheet and the quality of its contents, we are confident the people will consider the Weekly Sun the cheapest newspaper published in the world, and we trust also one of the very best.
